

## PRESIDENT WILSON'S WAR PROCLAMATION

Full Text of War Declaration  
Signed by Executive at 1:13  
This Afternoon.

(Continued from First Page.)

Preserve the peace and to treat them with all such friendliness as may be compatible with loyalty and allegiance to the United States.

And all alien enemies who fail to conduct themselves as so enjoined, in addition to all other penalties prescribed by law, shall be liable to restraint so as to give security, or to removal from the United States in the manner prescribed by sections 4069 and 4070 of the Revised Statutes, and as prescribed in the regulations duly promulgated by the President.

And pursuant to the authority vested in me, I hereby declare and establish the following regulations, which I find necessary in the premises and for the public safety:

**Ban On Firearms.**  
(1) An alien enemy shall not have in his possession at any time or place, any firearm, weapon or instrument of war, or component parts thereof, ammunition, maxim or other silencers, bombs or explosives or material used in the manufacture of explosives.

(2) An alien enemy shall not have in his possession at any time or place, or use or operate any aircraft or wireless apparatus, or any form of cipher code, or any paper, document or book, written or printed in cipher, or in which there may be invisible writing.

(3) All property found in the possession of an alien enemy in violation of the foregoing regulations shall be subject to seizure by the United States Government.

(4) An alien enemy shall not approach or be found within one-half of a mile of any Federal or State force, camp, arsenal, aircraft, Government or naval vessel, navy yard, manufactory or workshop for the manufacture of munitions of war or of any product for the use of the army or the navy.

(5) An alien enemy shall not write, print, or publish any attack or threat against the Government or Congress of the United States, or either branch thereof, or against the measures or policy of the United States, or against the person or property of any person in the military, naval, or civil service of the United States, or of the States or Territories, or of the District of Columbia, or of the municipal governments therein.

(6) An alien enemy shall not commit or abet any hostile act against the United States, or give information, aid, or comfort to the enemy.

**For Prohibitive Area.**

(7) An alien enemy shall not reside in or continue to reside in, to remain in, or enter any locality which the President may from time to time designate by executive order as a prohibited area, in which residence by an alien enemy shall be found by him to constitute a danger to the public peace and safety of the United States, except by permit from the President and except under such limitations or restrictions as the President may prescribe.

An alien enemy whom the President shall have reasonable cause to believe to be aiding or about to aid the enemy or to be at large to the extent of the public peace or safety of the United States or to have violated or to be about to violate any of these regulations, shall remove to any location designated by the President by executive order and shall not remove therefrom without executive order, or shall depart from the United States if so required by the President.

8. No alien enemy shall depart from the United States until he shall have received such permit as the President shall prescribe, or except under order of the court, judge, or justice, under

section 4069 and 4070 of the revised statutes;

10. No alien enemy shall land in or enter the United States except under such restrictions and at such places as the President may prescribe.

If necessary to prevent violations of these regulations, all alien enemies will be obliged to register:

12. An alien enemy whom there may be reasonable cause to believe to be aiding or about to aid the enemy, or who may be at large to the danger of the public peace or safety, or who violates or attempts to violate, or of whom there is reasonable ground to believe that he is about to violate any regulations duly promulgated by the President or any criminal law of the United States or of the states or territories thereof, will be subject to summary arrest by the United Marshal, or his deputy or such other officer as the President shall designate and to confinement in such penitentiaries, prison, jail, military camp or other place of detention as may be directed by the President.

This proclamation and the regulations herein contained shall extend and apply to all land and water, continental or insular, in any way within the jurisdiction of the United States.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this sixth day of April, in the year of Our Lord one thousand nine hundred and seventeen, and of the Independence of the United States the one hundred and forty-first.

WOODROW WILSON.

By the President:  
Robert Lansing,  
Secretary of State.

### ALL NEED MORE ROOM

State, War, and Navy Departments

Have Overcrowded Quarters.

War has brought pressing demand for more "elbow room" in Washington. The three great departments which will "administer" the war are howling for space.

Four other departments concerned with munitions making war supplies and food also need extra space. All are looking for additional quarters, but appropriations.

The Interior Department has a fine big new building awaiting occupancy. The department has been unable to move because of lack of funds. "The War and Navy Departments were" the building, but Secretary Lane declares that he needs it.

The Labor Department soon will move into new quarters on G street. This will vacate the Mills' Building, once a Navy Department annex, and it undoubtedly will be taken by either the War or Navy Department again.

### WOMAN BEATS ROUGH MAN

Actress Who Resented Behavior of Conductor Taken to Jail.

NEW YORK, April 6.—Isabella Arnold, an actress, created excitement at Broadway and Thirty-fourth street last night by beating a street-car conductor over the head with her umbrella. She charged the conductor, Daniel Berman, man-handled her when she attempted to enter an east bound Thirty-fourth street car in the rush.

Berman called a policeman and insisted the actress be locked up on a charge of assault. Several passengers asserted that Berman only received his just due, and that he had handled Miss Arnold roughly. The actress was taken to the West Thirtieth street station and thence to the Charles street station, where there is a police matron.

### WAR AFFECTS DRUG IMPORTS.

The European war has had an enormous effect upon the Bureau of Chemistry as far as the importation of drugs into this country is concerned, according to a statement made last night by Dr. Carl L. Alsberg, chief of the bureau, before a meeting of the Washington branch of the American Pharmaceutical Association at the National College of Pharmacy. W. W. Stockberger, president of the local branch, presided.

## BE OWN MILLER, EXPERTS ADVISE

Department of Agriculture Recommends Use of Corn Meal as Food.

Be your own corn meal miller, if you want the best of corn meal.

Department of Agriculture experts declare that corn meal can be prepared in the home easily and cheaply with a hand grist mill that can be bought for \$1.50. A mill to cost from \$2.50 to \$5 is recommended, because the smaller mill makes tedious grinding.

The meal made in the home is generally better than that to be bought. Use of more corn meal is an effective way to reduce the cost of food for the family, say the specialists.

Corn meal at present prices, when bought at retail stores, costs about half as much as wheat flour, a third as much as rolled oats, a fourth as much as broken rice.

Notwithstanding this even the bolted corn meal usually sold has a food value which compares favorably with that of wheat flour. Found for ground its fuel value for the body is fully as high.

With respect to the preparation of corn meal dishes the experts say:

"A dish of mush and milk has made the greater part of many a supper on the farm, and children thrive on it, though they may rebel at cleaning the kettle and the 'pudding spoon' afterward, if the old-time methods of cooking it are followed. It is a simple dish to make—just 3½ cups of water and a teaspoon of salt to every cup of meal. The water can be put in cold and the vessel heated gradually. A double boiler is very convenient in cooking corn meal mush, as well as all other cereals, and is easier to clean. The great secret of good mush is long slow cooking—the longer the better. A fireless cooker, in which the cooking can go on all day or all night, is very useful for this purpose."

### AMERICAN SAILORS VICTIMS

Suffer for Four Days in Open Boat Following U-Boat Attack.

Consul Llorie reported to the State Department today the unwarned sinking of the Portuguese bark Argo, New Orleans to London.

While there were no casualties, three Americans among eleven sailors in a small boat suffered terribly for four days before landing at Ferrel. Four other American sailors were rescued by a British hospital ship.

The torpedoing occurred while the vessel was lying in a gale March 24.

### BREST OFFERED AS BASE

French Deputies to Make Port Available to U. S.

PARIS, April 6.—The first war measure to be taken in connection with the expected entrance of the United States into the war was introduced in the Chamber of Deputies today.

It provides for an agreement with the United States, if necessary, for the use of the port of Brest by American naval forces. The measure provides generally for the utilization of the port to the best interests of the national defense.

## CASTORIA

For Infants and Children  
In Use For Over 30 Years

Always bears the Signature of *Chas. H. Fletcher*

### PACIFIST EFFIGY IN PRISON

Police Station Holds Dummy of La Follette and Stone.

The ghost-like dummy representing Senators Stone and La Follette, which was hung in effigy on an electric wire across Fourteenth street, between H and I streets, last night, is crouching languidly in a corner of Captain Flather's office in the First precinct station house today, while the police of the precinct are searching for the "hangmen."

A few minutes after the dummy was cut down, at 10:30 o'clock, by Bicycle Policeman W. H. Adams, Lieut. Hartley, in charge of the precinct at night, began an investigation to find the persons who hung it. The figure is made of white linen, stuffed with newspaper. A face is roughly outlined at the top of it. Across the chest is the word "La Follette," and "Stone" across the back, in black paint.

A yellow streak is daubed down the back, and from the bottom hangs a streamer bearing the word "Traitor."

Central Office Detective Fred Cronwell is working on the case. "Your reward," was the ironic message accompanying an iron cross which reached Senator La Follette by mail today. The cross was fashioned to resemble the famous iron cross given by the Kaiser.

### WILSONS GO FOR WALK

Stroll From White House To Dupont Circle.

The President and Mrs. Wilson left the White House shortly after noon for a walk through the residential district.

They went up Sixteenth street to Dupont circle, and thence east to 1308 Twentieth street, the house in which they were married. They paused for a moment on the sidewalk looking at the building, which is now vacant and has a "For Sale" placard posted on its front.

Then they went south on Twentieth street to M street, and thence to Connecticut avenue. Passing through Farragut Park they proceeded directly back to the White House.

Near M street and Connecticut avenue Justice Holmes, of the United States Supreme Court recognized the President and shook hands with both him and Mrs. Wilson.

Attracted by some feminine finery displayed in a Connecticut avenue shop window, Mrs. Wilson went inside, and after a few minutes the President followed her. No purchases were made.

When the President and Mrs. Wilson were entering the White House gate they were stopped momentarily by an elderly man, who shook hands with them. The President ignored the sufrage-pickets, aside from lifting his hat as he passed through the gates.

### BOATSWAIN'S MATE LOST

Navy Department Gives Up Hope That Aztec Sailor Survives.

The Navy Department today practically gave up hope for John E. Eopolucci, boatswain's mate in the gun crew aboard the American steamer Aztec, who has been missing since that vessel was sunk, presumably by a German submarine, off the French coast April 1.

In the first official cablegram to the Navy Department since the Aztec was sunk, Commander William R. Sayles, naval attaché at Paris, reported that Eopolucci was in the second boat, which had previously been reported as having swamped in launching. Commander Sayles' cable follows:

"Lieutenant Gresham arrived in Paris. All enlisted men safe except Eopolucci, who is still missing. He was last seen in the second boat that left the ship."

Ambassador Sharpe yesterday cabled an affidavit of Captain O'Brien, of the Aztec, who said the second boat had struck the ship when being launched and was sunk, and that all its crew probably had drowned.

### JAPANESE EMBASSY ROBBED

Thieves Get Away With Silverware Valued at \$700.

Thieves broke into the home of the Japanese ambassador, Suteki Chinda, 1321 K street northwest, while the household was asleep early today and stole \$700 worth of silverware.

So quietly did the intruders work that not one in the house was aroused and the robbery was not discovered until morning, when one of the envoy's attendants started to leave the house and found the front door open about an fifth.

A hasty examination showed that a large supply of silver tableware, including fruit and bread dishes, had been taken. An overcoat also was missing.

It is the belief of Central Office Detective Springman, who hurried to the house, that entrance was gained by use of a jimmy.

### STRIKE QUIZ SEEMS LIKELY

Senate Committee to Make Favorable Report On Resolution.

The Senate Committee on Contingent Expenses will make a favorable report within a short time on the Hughes resolution for an investigation of the street railway strike. The committee this morning considered the resolution.

The Washington Street Railway and Electric Company was not represented at the meeting.

The committee will meet again in a short time, and is expected to order the resolution reported out.

### PLEDGE AID TO U. S.

At a patriotic meeting of the Massachusetts Club of Georgetown University Law School last night the following resolution was adopted, copies of which will be sent to President Wilson, the governor of Massachusetts, and the members of Congress from that State:

"Pledging our unfaltering loyalty and earnest support to the President and the Government in any steps which they may take for the protection of the sacred rights of our citizens and the upholding of our honor and dignity before the world."

Few Drops When Corns Hurt,  
Pain Stops! Corns Lift Out

Don't let corns ache twice! Lift any corn or callus off with fingers—Here's magic! Women! Keep it on dresser!

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without any pain.

This drug is called frezzone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of frezzone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. Put a few drops upon a tender corn or callus. Instantly the soreness disappears and shortly the corn or callus will lift off with the fingers.

Frezzone doesn't eat out the corns or calluses but shrivels them without any irritation. Just think! No pain at all; no soreness or smarting when applying it or afterwards.

Women! Keep frezzone on your dresser and apply a few drops whenever a corn begins aching. Pain stops, corn goes!

Genuine frezzone is sold in little bottles packed in a round, wooden case.—Advt.

## MARMON 34

DURING Carnival Week, ride in the Marmon; it will be a new experience in motor car responsiveness and riding-case. Examine the Marmon, thoroughly; it will be an object lesson in simplicity.

Our invitation cannot now be made more cordial than at all times; so consider it simply, more urgent.

T. V. T. MOTORS CORPORATION

C. ROYCE HOUGH, Manager

Dupont Circle at Connecticut Ave., Washington

Open evenings until 10:30 during Carnival Week

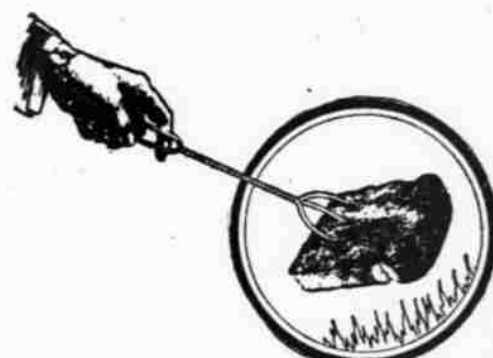

# It's toasted

YES, just the same as your delicious, brown, buttered-hot morning toast. The tobacco—it's toasted.

This toasting has given you the real Burley cigarette at last. Until now it couldn't be made; now the toasting holds the flavor and keeps the cigarette fresh.

Of course you'll want to smoke the real Burley cigarette—because it's Burley, *toasted*. Burley is "blame good" tobacco; and you smokers are for it.

Begin trying it today: Lucky Strike, the real Burley cigarette—it's toasted.
